Shamrock Shooters

Ingredients

0.75 oz. Creme de Menthe

0.75 oz. White Chocolate Liqueur

0.5 oz. Heavy Cream

Rim Melted Chocolate

Instructions

Step 1 – Start by rimming your shot glass with melted chocolate. Stick it in the freezer for a few minutes for the chocolate to hold.

Step 2 – In a mixing glass, combine all your ingredients topped with ice. Stir well.

Step 3 – Strain the mixture into your prepared shot glass.

Notes

Pro Tip: Chill shot glasses for about 15 minutes before rimming them in melted chocolate. Once rimmed stick them in the freezer again for the chocolate rim to harden and hold.
